chloride and Hydrogen
Chloride

Description

This product is a concentrated acid bathroom toilet bowl cleaner, especially formulated to clean and deodorize fixtures and porcelain found in industrial and institutional environments. This product contains an acid compatible detergent system that removes resistant stains and leaves items spotless.

Directions

This product is designed to clean toilet bowls and urinals.

1. To clean toilet bowls, flush toilet and add 2 ounces of this product directly to the bowl water. Swab bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand 5 minutes and flush.
2. To clean urinals, add 1 ounce of this product to 48 ounces (1 1/2 quarts) of water. Flush urinal and apply solution with brush or toilet mop to urinal surfaces, making sure to scrub completely and under the rim. Let stand for 5 minutes and flush.
3. For badly stained toilet bowls, flush toilet and use toilet mop to push water from the toilet bowl over the trap. Press swab mop against bowl to remove excess water then saturate mop with 1 ounce of this product while holding bottle and applicator over bowl. Swab bowl completely making sure to get under the rim. Let stand 5 minutes then flush. Rinse applicator completely.
